PRIVY COUNCIL

P.C. 1968-1716

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 5th day of SEPTEMBER, 1968

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Minister of Energy, Mines and Resources reports as follows:

THAT, on May 29, 1968, the Government agreed, under the Atlantic Provinces Power Development Act, to provide financial assistance, by way of repayable advances totalling not more than \$55,500,000 to Newfoundland for the construction of a thermal-electric plant and three transmission lines. The Government's decision was subject to certain conditions, one of which was the need for the Federal Government to review jointly with the Newfoundland Government the economics of the power development situation in the province;

THAT Newfoundland has embarked upon a study, and recently applied through the Atlantic Development Board for a grant of \$124,500 to finance the cost. An interdepartmental review of the province's submission has led to the conclusion that, in view of the Government's decision of May 29, a joint study program by the Department of Energy, Mines and Resources and the Newfoundland and Labrador Power Commission would be the best course to follow. It was also decided that it would be in the best interests of the Federal Government to have a direct say in the direction the study will take because of the heavy federal involvement in power development in the Maritimes through the Atlantic Development Board and the Atlantic Provinces Power Development Act;

- 2 -

THAT, on July 31, 1968, the Treasury Board approved, in principal, a joint study of electric power supply alternatives in Newfoundland, including the fiscal arrangements outlined herein (T.B. 681982).

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Energy, Mines and Resources, pursuant to any enactment of the Parliament of Canada for defraying the several charges and expenses of the public service from and after the first day of April, 1968, that provides for the administration, operation and maintenance of the Mines, Minerals, Energy and Geosciences Sector of the Department of Energy, Mines and Resources, is pleased hereby to authorize the Minister of Energy, Mines and Resources, on behalf of the Government of Canada, to enter into an Agreement with the Government of Newfoundland to carry out a joint study of electric power supply alternatives in Newfoundland at an estimated cost of \$124,500, of which Canada's share will be \$65,000 or 50 per cent of the actual cost, whichever is the lesser.

The Committee of the Privy Council have had before them a report dated 5th September, 1968, from the Acting Minister of Transport, representing:

That some years ago the Department entered into an Agreement with the Consolidated Paper Corporation for the exchange of lands in Lot 109-1 in the Parish of Cap de la Madeleine, County of Champlain and part of Lot 110 in the same Parish. The Department was to receive a small parcel in Lot 109 on which it was to erect a light site and to give the Corporation in exchange a similar parcel in Lot 110 - no monies were involved in the said transaction;

That for some unforeseen reason the matter was lost sight of and the settlement was never completed and of course the Department has been occupying and has placed an installation on property it does not own;

That this oversight has recently come to the Department's attention and the officers of the Consolidated Paper Corporation were recently approached and have agreed to proceed with this exchange; and

That the Director of the Real Estate Branch of the Department of Transport considers the exchange fair and reasonable and recommends its acceptance.

- 2 -

The Committee, therefore, on the recommendation of the Acting Minister of Transport, advise that authority be hereby granted

1. to complete the said exchange upon receipt of good title in favour of the Crown to the property described in Schedule "A" hereto; and
2. pursuant to the Public Lands Grants Act, for the conveyance, by Letters Patent to the Consolidated Paper Corporation of the property more particularly described in Schedule "B" hereto;

The Committee of the Privy Council have had
before them a report dated 12th September, 1968, from
the Acting Minister of Transport, representing:

That some time ago a parcel of land together
with an access servitude thereto including the right to
install and maintain a powerline was acquired from Mr.
Edgar Poire for the Quebec Monitoring Station at St.
Etienne de Beaumont, Quebec; and

That in 1964 Hydro Quebec requested the
Department of Transport to relocate the Beaumont Monitoring
Station, the relocation being required by Hydro Quebec for
purposes of construction of a transmission line between
Manicouegan and Montreal. Hydro Quebec agreed to reimburse
the Department the cost of this relocation and in return
the Department conveyed to Hydro Quebec the former Beaumont
Monitoring Station Site, by Letters Patent, consisting of
approximately 5.03 arpents and being part of Lot 150,
Parish of St. Etienne de Beaumont, County of Bellechasse,
Quebec, however, Hydro Quebec was not interested in the
roadway to the said site and the reconveyance thereof was
subsequently offered to the former owner, Mr. Edgar Poire,
who has agreed to accept it in order to clear his title.

The Committee, therefore, on the recommendation of the Acting Minister of Transport, pursuant to the Public Lands Grants Act, advise that authority be granted for the issuance of Letters Patent to Mr. Edgar Poire, at no cost, quit-claiming all the right, title and interest of Her Majesty in the said roadway, more particularly described hereunder:

That an application has been received from the Corporation of the Town of Trenton to acquire two water lots being composed of a water lot lying opposite Middle Street, Lot 9 and part of Lot 10 on the East side of Front Street and a water lot lying opposite part of Lot 18 and 18A on the East side of Front Street, the said parcels containing 0.13 of an acre, lying and being in the Town of Trenton, County of Hastings, Province of Ontario;

That the Town has built a Fire Hall on the adjoining property and wishes to acquire the lands to square off their holding. The lands are no longer required for Canal or any other public purpose and it has been the policy of the Department of Transport to sell such lands to the adjoining owners; and

the Acting Minister of Transport, representing:

That on October 29, 1952 a triangular parcel
of land containing 0.321 of an acre being part of Lot 5,
Concession 3, Township of Glanford, County of Wentworth,
Province of Ontario, was expropriated in connection with
Airport Expansion at the Hamilton Airport (Mount Hope)
Ontario;

That a subsequent conveyance of these lands to
the Crown was obtained from Mr. Lyle Smith. Unfortunately,
Mr. Smith did not have title to the parcel which was then
the property of Mr. Carlton N. Young and now forms part of

CLERK OF THE PRIVY COUNCIL

SCHEDULE

1. The Canadian Radio-Television Commission is hereby directed that, on and after the 20th day of September, 1968, broadcasting licences may not be issued and amendments or renewals of broadcasting licences may not be granted to applicants of the class described in paragraph 2.
2. The class referred to in paragraph 1 is as follows:
 - (a) persons who are not Canadian citizens or eligible Canadian corporations and are not persons who, on the 1st day of April, 1968, were carrying on broadcasting undertakings within the meaning of the Broadcasting Act but did not have licences to establish broadcasting stations issued under the Radio Act and did not require such licences immediately before the 1st day of April, 1968.
3. For the purposes of this direction, an "eligible Canadian corporation" is a corporation
 - (a) incorporated under the laws of Canada or a province, the chairman or other presiding officer and each of the directors of which are Canadian citizens,
 - (b) of which at least four-fifths of the issued shares, to which are attached at least four-fifths of the votes exercisable under any circumstances at a meeting of shareholders, are owned by
 - (i) one or more Canadian citizens, or
 - (ii) one or more corporations to which subparagraph (a) applies, of which at least four-fifths of the issued shares, to which are attached at least four-fifths of the votes exercisable under any circumstances at a meeting of shareholders, are owned by one or more Canadian citizens, and
 - (c) of which at least two-fifths of the combined paid-up capital, earned surplus and outstanding debt is represented by shares owned by, or obligations to, one or more persons described in clause (i) or (ii) of subparagraph (b);

except that in any case where it is made to appear to the Commission that, notwithstanding that the corporation is one to which sub-paragraphs (a), (b) and (c) apply, the corporation is controlled, either directly or indirectly and either through the holding of shares of the corporation or any other corporation or in any other manner whatever, by or on behalf of any person of the class described in paragraph 2, the corporation shall be deemed not to be an eligible Canadian corporation.

4. Notwithstanding paragraph 3, in applying that paragraph in the case of the amendment or renewal of a broadcasting licence at any time before the 1st day of September, 1969,

5. An applicant for the amendment or renewal of a broadcasting licence that was outstanding on the 1st day of April, 1968, to whom, but for this paragraph, such amendment or renewal may not be granted by virtue of this direction shall be deemed, for the purposes of that application only, not to be an applicant of the class described in paragraph 2 if
 - (a) the Commission is satisfied that it would not be contrary to the public interest to grant the amendment or renewal applied for by the applicant; and
 - (b) the Governor in Council, by order, approves of the grant of the amendment or renewal after submission to him by the Commission of the application, together with a statement of the Commission's reasons why it is satisfied that it would not be contrary to the public interest to grant the amendment or renewal.
6. Nothing in this direction shall be construed as limiting the power of the Governor in Council to direct that broadcasting licences may not be issued and amendments or renewals of broadcasting licences may not be granted to applicants of classes other than the class referred to in paragraph 1 or as limiting the power of the Canadian Radio-Television Commission, in carrying out its objects, to refuse to issue a broadcasting licence to or to grant an amendment or renewal of a broadcasting licence to an applicant of a class other than the class referred to in paragraph 1.

of the Privy Council, approved by His Excellency the Governor
General on the 1st October, 1968.

The Committee of the Privy Council have had
before them a report dated 27th September, 1968, from
the Acting Minister of Transport, representing:

That the Management of Canadian National
Railways advise:

That the Canadian National Railway Company
proposes to construct a railway industrial
spur track, approximately 1400 feet long,
with Head Block at Mile 8.72, Dartmouth
Subdivision, to serve industries located in
Burnside Industrial Park, City of Dartmouth,
Nova Scotia;

That the City of Dartmouth will provide a 30
foot wide right-of-way along with the necessary
grading, culverts, drainage, etc. at an esti-
mated cost to the City of \$10,000 and the
Railway will construct the necessary track
structure including turnout, rail, ties,
ballast and other track material, etc. at an
estimated cost to the City of \$14,700. Upon
completion of the work, the City will donate
to the Railway the right-of-way, the roadbed
and track structure, having an estimated total
value of \$24,700, and the Railway will be
responsible for future maintenance and oper-
ating costs of the said spur track;

That the Minister of Transport has sanctioned
the location of the railway industrial spur
track, aforesaid, as shown on Railway Plan No.
3-1-444-1 dated June 21, 1968, on record in
the Department of Transport.

- 2 -

The Committee, therefore, on the recommendation of the Acting Minister of Transport, pursuant to section 22(1)(a) of the Canadian National Railways Act, advise that Your Excellency may be pleased to approve the construction, operation and maintenance by the Canadian National Railway Company of the said railway industrial spur track on the said location.

The Committee of the Privy Council have had before them a report from the Acting Minister of Transport, representing:

That the Management of the Canadian National Railways, as Manager of the Canadian Government Railways, has recommended the sale of two strips of railway land containing a total of 7.652 acres being the remainder of the abandoned right-of-way of what was known as the East Bathurst Spur, as shown outlined red on Plan Nos. L-1153 and L-128 dated January 12, 1966, and May 16, 1967, respectively to the Corporation of the City of Bathurst in the Province of New Brunswick, for the sum of \$500 per acre based on an acreage of 6.162, plus survey costs;

That while Railway right-of-way plans show the right-of-way to be 100' in width only a width of 66' -- 33' on each side of the centre line -- was fenced and that as fenced it has been under lease for a number of years to the City for street purposes;

That the unfenced 17' strip on each side has been encroached upon in various places by privately owned dwellings in the intervening years and it is doubtful that at this late date the Railway can claim title; and

That in the circumstances it is proposed to issue a Quit-Claim Letters Patent to the City--which the City is prepared to accept--for the total area of approximately 7.652 acres, which proposal has the approval of both the Management of the Railways and of the Director, Real Estate Branch, Department of Transport.

- (1) pursuant to the Canadian National Railways Act, to withdraw from entrustment to the Canadian National Railways the above described parcels of land in the City of Bathurst, New Brunswick; and
- (2) pursuant to the Public Lands Grants Act, to convey by Quit-Claim Letters Patent, all the right, title and interest of Her Majesty in right of Canada in the said approximate 7.652 acres to the Corporation of the City of Bathurst for the sum of \$500 per acre--based on 6.162 acres---plus survey costs.

That the cost of the property to the Director has
been calculated at \$8,966;

LaBoucane, a qualified veteran, in August 1964;

That the veteran subsequently acquired a commercial
enterprise in another province and ceased to occupy the
property;

That the Agreement between the veteran and the
Director was therefore rescinded, with the consent of the
veteran, on July 4, 1968;

That the property has been advertised and the

therefore, pursuant to section 60 of the Act, was not again
eligible for assistance;

That as The Director, The Veterans' Land Act, had
contracted with veteran Ponder for construction of a dwelling
on the aforesaid property the contract was permitted to re-

That on completion of the house and before arrange-

The Government shall in accordance with the conditions hereinafter set forth, provide air support to the International Committee of the Red Cross (hereinafter referred to as "the ICRC") in its emergency relief work in Nigeria:

- (1) The aircraft to be used to furnish the air support shall consist of Canadian Forces Lockheed Hercules Aircraft, hereinafter referred to as "the Aircraft", equipped with all the mechanical, navigation, radio and technical equipment, instruments and engines required to ensure its satisfactory operation.
- (2) The aircrew and ground personnel, hereinafter referred to as "the Crew", required to ensure the satisfactory operation of the Aircraft will be selected by the Government from among members of the Canadian Forces; members of the Crew shall, in the performance of duties in support of the ICRC, continue to serve in the Canadian Forces.

- (3) The Aircraft will be flown from Canada to the Area of operations described in paragraph (5) of this article (hereinafter referred to as "the Area") at a time or times and to an airfield to be agreed upon between the Canadian Red Cross Society and the Government.
- (4) The air support will be limited to flights in the Area which are authorized by the designated Canadian Commander at the request of the ICRC in furtherance of its emergency relief work in Nigeria and which are in accordance with arrangements between the Federal Government of Nigeria and the ICRC.
- (5) The Area referred to in the preceding paragraph means Nigeria, nearby states, territories and islands.
- (6) The Aircraft shall throughout the term of this Agreement be under the control of the Canadian Forces and under the command of the Canadian Commander who shall co-operate to the fullest extent with the senior representative of the ICRC in the Area.
- (7) The appropriate authorized representative of the ICRC may, subject to the approval of the Canadian Commander and subject to paragraph (4) of this article, designate the passengers, cargo and destination of the Aircraft; provided, however, that the approval of the Canadian Commander shall not be withheld unless, in his opinion, such designation would unreasonably risk the safety of the Aircraft or its Crew.

Article II - Substitution of Aircraft

The Government shall have the right to substitute aircraft or crews at any time.

Article III - Maintenance of the Aircraft

The Government shall maintain the Aircraft in an airworthy condition and shall be responsible for the performance of the required maintenance and repair operations.

Article IV - Costs of Maintenance and Operation of the Aircraft

The Government shall bear all the expenses arising out of repairs to and maintenance and operation of the Aircraft such as the cost of facilities, materials, fuel, the salaries and maintenance of the Crew, and any additional labour required for maintenance of the Aircraft.

Article V - Status of Members of the Crew

The Canadian Red Cross Society shall:

- (a) arrange through the ICRC for all reasonable steps to be taken to ensure the security of the Aircraft and Crew in the Area;
- (b) provide the Crew with ICRC identification; and
- (c) facilitate communications between the Crew and authorities of the Government.

Article VI - Liability

Except in cases of damage caused by the gross negligence or wilful misconduct of the Canadian Red Cross Society or the ICRC or employees of either in the course of their employment, the Government hereby indemnifies and saves harmless the Canadian Red Cross Society and the ICRC of and from all manner of actions, causes of action, suits, debts, claims and demands whatsoever which may arise out of the use of the Aircraft in accordance with this Agreement.

Article VII - Negotiations with Government Authorities in the Area

The Canadian Red Cross Society shall undertake directly or through the ICRC all negotiations with Government authorities of Nigeria and other countries in the Area in order:

- (a) to secure the necessary approval for the use of the Aircraft in the Area; and
- (b) if possible, to obtain relief from customs and excise duties and taxes on petrol, oil and lubricants used by the Aircraft.

Article VIII - Entry into Force and Duration of the Agreement

- (1) This Agreement shall enter into force upon signature and shall be deemed to have been in force since _____.
- (2) This Agreement may be terminated by one Party upon giving thirty days notice in writing to the other. However, the Government may at any time recall the Aircraft and Crew for military service without notice.

IN WITNESS WHEREOF, the undersigned, duly authorized by the Government of Canada and by the Canadian Red Cross Society, have signed this Agreement.

MINISTERIO DA AERONAUTICA - BRASIL

WHEREAS the Export Credits Insurance Act provides that where the Minister of Trade and Commerce makes certain reports to the Governor in Council, the Governor in Council may approve of and authorize Export Credits Insurance Corporation to enter into a proposed contract of insurance and issue a proposed guarantee to a bank in connection therewith;

WHEREAS the Minister of Trade and Commerce has reported that the Board of Directors of the said Corporation is of opinion that the hereunder described proposed contract of insurance and guarantee issued to a bank in connection therewith would impose upon the Corporation a liability in an amount in excess of that which the Corporation would normally undertake in relation to any one country;

WHEREAS the said Minister has further reported that in his opinion it is in the national interest that the proposed contract be entered into and the proposed guarantee be issued in connection therewith;

WHEREAS the proposed contract of insurance would insure The de Havilland Aircraft of Canada, Limited against the loss it may sustain by reason of its failure to recover amounts payable under its contract dated September 30, 1968 for the sale of 12 "Buffalo" aircraft, equipment, tools, supplies and services to be exported from Canada to Ministerio da Aeronautica - Brasil, at a contract price of \$29,844,000 United States currency, the said contract providing: for a total consideration, including interest, of \$39,071,498 United States currency; for a principal payment, already made, of \$1,200,000 United States currency; for payment of the principal balance of \$28,644,000 United States currency, with interest at 8-1/2% on the outstanding balance of principal in thirteen semi-annual payments of blended principal and interest; for the interest portions of the said blended payments, amounting in the aggregate to \$9,227,498 United States currency; that each of the said thirteen semi-annual payments is to be secured by a promissory note made by the buyer; that the amount of each promissory note is to bear interest after maturity at 8-1/2% per annum; and that each promissory note is to bear the unconditional guarantee of dollar payment by the National Treasury of Brazil over the signature of the Minister of Finance of Brazil; and

WHEREAS the proposed guarantee in connection with the said contract of insurance would unconditionally guarantee to a bank payment of the said promissory notes, and would guarantee to such bank payment of up to 91 days' interest after the due date of any promissory note:

THEREFORE His Excellency the Governor General in Council, pursuant to Section 21 of the Export Credits Insurance Act, is pleased hereby to approve of and authorize Export Credits Insurance Corporation

- (a) to enter into a proposed contract of insurance with The de Havilland Aircraft of Canada, Limited insuring it on an 85% - 15% co-insurance basis, against the loss it may sustain by reason of its failure to recover amounts payable under its contract entered into September 30, 1968 for the sale of 12 "Buffalo" aircraft, equipment, tools, supplies and services to be exported from Canada to Ministerio da Aeronautica - Brasil, the contract price of which, excluding interest, is \$29,844,000 United States currency, upon the following conditions:
 - (i) of the payments provided for in the said contract, the first \$1,200,000 United States currency of principal has been paid; the principal balance of \$28,644,000 United States currency, with interest at 8-1/2% on the outstanding balance of principal is to be payable in thirteen semi-annual payments of blended principal and interest; and the aggregate amount of such interest is to be \$9,227,498 United States currency,
 - (ii) each of the said thirteen blended payments is to be secured by a promissory note made by the buyer or by the Minister of Aeronautics of Brazil for the buyer, bearing interest after maturity at 8-1/2% per annum,
 - (iii) each of the said promissory notes is to bear an unconditional guarantee of dollar payment by the National Treasury of Brazil over the signature of the Minister of Finance of Brazil,
 - (iv) the said Corporation is to charge a premium for the said contract of insurance at a rate of 1.69746% on the insured amount, which is the Canadian dollar equivalent of \$37,871,498 United States currency, i.e. an amount equal to the sum of the contract price \$29,844,000 United States currency, and the aggregate

of the interest, \$9,227,498 United States currency reduced by the amount of \$1,200,000 United States currency already paid, and

- (v) maximum liability under the said contract of insurance is not to exceed \$35,000,000 Canadian currency; and
- (b) to issue a proposed unconditional guarantee to a bank in connection with the proposed contract of insurance, guaranteeing payments in respect of the said promissory notes given by the buyer to secure the said sum of \$37,871,498 United States currency, and the said Corporation
 - (i) is to charge a guarantee fee of \$0.01 United States currency per month per \$100 United States currency on a reducing balance, and
